

Year 2 Home Learning - Topic - Weeks Beginning 18th and 25th May 2020

Here are some suggested activities to do with your child at home that are linked to our current learning. Thank you for your continued support!

R.E.

In school we would have been learning about Islam in R.E.. Can you find out about the features of a Mosque and the Islamic tradition of Ramadan and the festival of Eid? What do Muslim people do during Ramadan and Eid that is special? There are some videos on Espresso that explain things in a child friendly way.

Art

Linking with your learning in R.E., can you design your own prayer mat? You could use any medium you like (paint, pencil crayon, fabric). Remember to start from the middle and build out. Here are some examples to help you.

Geography

Where is your nearest beach? How long would it take you to get there? Can you use street view on Google Maps to have a look around a local seaside town? What is different or similar? Would you like to live there? You could create a picture or diagram of the beach or seaside town nearest to you.

PSHE

Healthy Me! Think about the ways that we can keep healthy. Can you think of 5 things that help to keep us fit and well? Remember to consider mental and physical health. Can you create a presentation about healthy lifestyles? This could be a poster, advert, powerpoint or even a song.

Computing

There are lots of great activities on Purple Mash to have a go at. You could use 2investigate to practice creating some charts, or even make a chart of the information you find out in statistics in Maths.

Espresso - Topic

Please make use of the 'Espresso' Topic videos/resources to support your child's learning.

Username - student17917

Password - pupils

To find the Topic resources, click 'Key Stage One' and then click the subject you would like to use from the drop down list. You will find a variety of videos and resources that cover many topic aspects.
