

Creative Writing Activities 2

Use these sentences as a starting point to write creatively each day. Remember to structure your ideas clearly into paragraphs, choose vocabulary and language effects (similes, alliteration, metaphors, personification) to enhance description for the reader, and vary sentence constructions and punctuation for added interest and effect. Try to blend action, dialogue and description effectively. Remember that it is important to read through and proofread, edit and improve your work so that it is accurate, makes sense and your ideas flow. Have fun - we look forward to reading your efforts!
