

Year 2 - Maths Learning Week beginning 15th June 2020

This week we would like you to focus on addition in your home learning. Thank you for your continued support!

The Lancashire Maths Team has new maths resources, including puzzles, available each week at

http://www.lancsngfl.ac.uk/curriculum/primarymaths/index.php?category_id=1211. The games suggested may be a new way to engage and motivate your child.

Subtraction facts to 20

Practice your number bonds to 20. Use these to help you with the subtractions. How quickly can you do them?

For example

$$18 + 2 = 20, 20 - 18 = 2$$

Try some of these yourself.

$$20 - 19 = \quad 20 - 4 = \quad 20 - 10 =$$

$$20 - 12 = \quad 20 - 5 = \quad 20 - 11 =$$

$$20 - 19 = \quad 20 - 1 = \quad 20 - 13 =$$

$$20 - 9 = \quad 20 - 17 = \quad 20 - 18 =$$

Tens

Use your knowledge of place value to subtract tens from 2-digit numbers.

For example

$$55 - 20 = 35, 67 - 40 = 27 \text{ (Remember, the ones don't change).}$$

Now try some of these.

$$65 - 10 = \quad 89 - 30 = \quad 52 - 10 =$$

$$24 - 20 = \quad 76 - 40 = \quad 73 - 20 =$$

$$47 - 30 = \quad 69 - 50 = \quad 51 - 30 =$$

$$98 - 10 = \quad 91 - 80 = \quad 104 - 30 =$$

2-Digit and 2-Digit

Use all of your subtraction skills to solve 2-digit subtract 2-digit calculations. Remember to use jottings and tens and ones (chips and peas) where you need to. You might need to swap a ten for ten ones for some of them.

For example

$$37 - 18 = 19$$

Have a go at some of these.

$$45 - 13 = \quad 36 - 25 = \quad 74 - 32 =$$

$$69 - 24 = \quad 43 - 15 = \quad 52 - 26 =$$

$$75 - 39 = \quad 83 - 47 = \quad 94 - 58 =$$

Espresso - Maths

Please make use of the 'Espresso' Maths videos/resources to support your child's learning.

Username - student17917

Password - pupils

To find the Maths resources, click 'Key Stage One' and then click 'Maths' in the drop down list. You will find a variety of videos and resources that cover each of the Year 2 Maths elements.

Subtraction Problems

Can you solve the problems in the sheet attached with your pack? They all involve subtraction, but make sure you read them carefully and use jottings and the pictures to help you. Some might involve doing more than one calculation.

If you finish them all, you could write some subtraction problems of your own.

Purple Mash

We hope you have enjoyed using Purple Mash as part of your maths learning. This week, could you have a go at some of the maths games, such as, Funky Platform (Challenge A) to practice quick mental maths skills. Let us know how you do and which ones you like.
