

Year 2 - Maths Learning Week beginning 29th June 2020

This week we would like you to focus on division in your home learning. Thank you for your continued support!

The Lancashire Maths Team has new maths resources, including puzzles, available each week at http://www.lancsngfl.ac.uk/curriculum/primarymaths/index.php?category_id=1211. The games suggested may be a new way to engage and motivate your child.

Halves

Can you practice finding halves of even numbers? Start with numbers to 20 and then move on to numbers to 100. Remember, halve the tens, then halve the ones.

Division Facts

Practice your related division facts for the 2, 3, 5 and 10 times tables. You could practice a times table and the related division facts each day.

For example,

$$1 \times 2 = 2, 2 \div 2 = 1$$

$$3 \times 5 = 15, 15 \div 5 = 3$$

MULTIPLICATION
DIVISION

Espresso - Maths

Please make use of the 'Espresso' Maths videos/resources to support your child's learning.

Username - student17917

Password - pupils

To find the Maths resources, click 'Key Stage One' and then click 'Maths' in the drop down list. You will find a variety of videos and resources that cover each of the Year 2 Maths elements.

of

Division Problems

Can you solve the problems in the sheet attached with your pack? They all involve division, but make sure you read them carefully and use jottings and the pictures to help you. Some might involve doing more than one calculation.

If you finish them all, you could write some division problems of your own.

Purple Mash

We hope you have enjoyed using Purple Mash as part of your maths learning.

This week, could you have a go at some more of the multiplication resources, like the Table Toons practice songs and speed test games.
