

Hello Year 6 - Welcome to another week of Home Learning!

We hope that you have all had a lovely weekend relaxing with your family and that you are ready for your work pack for this week, which contains lots of exciting activities. Although we are missing seeing you all in person, it is really great that many of you are now getting into the habit of keeping in touch with us via our Purple Mash class email each week so that we can stay connected. Please do continue to engage with us regularly via our class emails as we do look forward to hearing from you all and it really does brighten up our day!

6H@helmsshore.lancs.sch.uk and 6K@helmsshore.lancs.sch.uk

Please feel free to access the links below to online resources to supplement your learning. Do not feel that you have to print the activities out; simply view them on the screen and complete your work on paper.

Keeping up with your school work and developing a good work ethic is really important to help prepare you for secondary school, but we understand that you may be struggling to get motivated with your work. Remember it is a good idea to make a plan of what activities/tasks you are going to do the night before, so you know what you are going to do each day. Make sure you timetable regular rest breaks and plan in time to relax and reward yourself with an activity that you enjoy. Some days you will feel more motivated than others; we do understand, so manage what you can according to your personal circumstances.

You will probably be using the Internet more and accessing more information online. The following link is really useful in understanding the importance of online safety.

Maths and English Activities

We hope that you are continuing to enjoy using **BBC Bitesize** as part of your daily home learning. Log onto BBC Bitesize and complete each Y6 Daily English and Maths activity as they are updated. (Don't print or photocopy anything; simply watch the videos, read the information and click on the tasks. You can record down any notes on some paper you have at home, if necessary).

There are Maths and English sessions every day followed by some element of topic work. <https://www.bbc.co.uk/bitesize/tags/zncsscw/year-6-and-p7-lessons/1>

If you are struggling to access electronic devices within your home, you can use 'The Red Button' Bitesize daily across the BBC - Primary or BBC iPlayer. If you switch your tv to BBC and click the red button on your remote control you will find a daily TV magazine programme, with teachers providing curriculum support for 5-11 year olds.

You can also log into the **Oak National Academy**, which also has further activities. Again there are Maths and English sessions every day, followed by some element of topic work. <https://www.thenational.academy/online-classroom/year-6#schedule>

The Lancashire Maths team who support Lancashire schools with Maths have provided further Maths activities.

Corbett Maths Primary is a great website full of super materials to support you with your understanding of different mathematical concepts.

<https://corbettmaths.com/5-a-day/primary/>

In this week's pack, there is another exciting weekly unit prepared by the Lancashire English team. You will be exploring all things to do with **Health, Hygiene and Heroes**. What is a microbe? Which scientists made important advances that impact our lives today? What is the NHS and who do you consider a hero in this current climate?

This week's 2Do task is:

Transition - My Profile: We would like you to write about yourself, to give your secondary school teachers an opportunity to learn more about you. Please include photographs/illustrations of the aspects that are part of your identity to create a profile of your qualities including what you are good at, what you enjoy and what you have achieved.

Set: Mon 22nd June Completed by Mon 29th June

As well as setting a weekly 2Do task, please remember that we have now established 2email. You are now able to message us directly using your own email account and reconnect with your friends too. We are receiving lots of positive feedback that you are enjoying this new facility. We have also been posting important messages and reminders using 2Blog. Remember to click on the Alert button every time you login to check for work, emails and messages.

Please remember to keep up with your reading as this is so very important and is the key to all your learning. Lots of lovely texts await you on the online websites - Oxford Owl and myOn. You will probably have lots of books at home that you may also want to enjoy - that's fine. Feel free to revisit a particular favourite too!

Also, remember to log on to Times Table Rock Stars regularly to keep up that rapid accurate recall of your multiplication facts. Click on the links on the school website for easy access.

Topic Activities:

1. Designing a Lunar Theme Park

Are you looking for a creative design challenge and something to keep yourself busy this week? Well, look no further as this is an exciting project that we are sure that you will really enjoy! You will explore money, how we spend it and learn how to budget. Many people flock to theme parks all around the world for fun and laughter, and to experience the thrill and adrenaline of rollercoaster rides. In this project, you will get to design your own amusement park and will need to carefully consider how you would run it. Refer to the activity sheet for more information and guidance.

2. Transition to Secondary School

As part of your transition preparation this week, you will focus on how you are going to travel to your new school; create Primary and Secondary School Profiles; getting to know new people; as well as allow you to reflect on your educational journey so far.

Click on the following links to find out more about what life will be like at your new secondary school:

Haslingden High: <https://haslingdenhigh.com/>

BRGS: <https://www.brqs.org.uk/>

Blessed Trinity RC High School: <http://www.btrcc.lancs.sch.uk/>

Mount Carmel High School: <https://mountcarmelhigh.co.uk/>

Todmorden High School: <http://www.todhigh.co.uk/>

BBC Bitesize: <https://www.bbc.co.uk/bitesize/articles/zj2grj6> is another useful resource to help you learn more about 'Starting at High School'. We are sure that your new schools will be contacting you very soon.

Keeping Active and Healthy

We hope that you are managing to keep yourselves fit and healthy. Continue to have fun exploring the following links:

<https://www.nhs.uk/change4life>

<https://www.bbc.co.uk/teach/supermovers/ks2-collection/zr4ky9q>

<https://lancashireschoolgames.co.uk/>

Remember to keep checking the school website, Purple Mash - class email and class blog - which are regularly being updated. Thank you for all that you are doing, Year 6. We continue to look forward to the time when it is safe for us to be together again. Take care and stay safe.

Mrs N. Haworth and Mrs L. Kelly

You are
AMAZING.
You are
IMPORTANT.
You are
SPECIAL.
You are
UNIQUE.
You are
KIND.
You are
PRECIOUS.
You are
LOVED.
