

Year 1 – Topic Learning – Week beginning 6th July

Please have a go at completing as many of these activities as possible. We would normally teach one Topic lesson per day in school, so this is equivalent to what your child would normally be doing. Thank you! Please feel free to take a picture of any of the activities and email them to Miss Morton or Mr Gaffney – we love getting updates on what everyone is doing!

PSHE

As a school, we are continuing to work on our exciting 'Hope Project'. It is designed to support children in gradually returning to a form of 'normality'. Can you write a special message to somebody who you have been missing recently? This could be a family member, friend or even teacher! We can't wait to see your lovely, kind messages. Remember to use the resources on our school website for our Hope project too.

Espresso – Topic

Please make use of the 'Espresso' Topic videos/resources to support your child's learning.

Password – pupils

Music

Think about your Science work based on materials. Can you find different objects around your house (bottles, boxes, wood etc.) and create some music? This could be done by using a wooden spoon to tap a bottle; tapping some glass etc. Have fun – remember to send us a video of your music work!

Computing

Think about your Science work on materials over the past few weeks. Can you choose a material (wood, plastic, glass etc.) and design a poster on a computer/laptop/IPad? You could even do this on Purple Mash so that we can see it! Include some facts on your poster that you have learnt about the material over the last few weeks. We will look forward to seeing them!

Geography

Over the last few weeks, you have been learning all about maps. As a challenge this week, can you design and create your own campsite map? Think about tents, caravans, a park, trees, fields etc! Be as creative as possible! Draw and label your map on a piece of paper. You may even want to use symbols and a key on your map.

Art

Think about your PSHE work based on our 'Hope Project'. Can you design and create a lovely piece of Art work based on 'Hope'? Think about rainbows, bright colours and happy things! Remember to send us a photo! You can either do this on paper or on Purple Mash!

P.E.

Make the most of the outdoors and carry out as much exercise as possible. This can be a running, football, doing star jumps etc. Let us know what you get up to! Remember – exercise is very important for our bodies!
