

Hello Year 6,

We hope that this letter finds you all safe and well as we begin another new week.

Just a reminder that on the days that you are not attending school, there will be plenty to keep you busy in this Home Learning Pack. As always, your parents are able to get in touch with us via our class emails: 6H@helmshore.lancs.sch.uk and 6K@helmshore.lancs.sch.uk and you can message us directly via your Purple Mash email account. Please remember to always keep yourself safe when working online.

For those of you who are continuing to work at home, please know that we continue to miss you. Please participate in the activities that you can so that you still feel involved in school life and stay connected with us via Purple Mash email.

Maths and English Activities

We hope that you are continuing to enjoy using **BBC Bitesize** as part of your daily home learning. Log onto BBC Bitesize and complete each Y6 Daily English and Maths activity as they are updated. (Don't print or photocopy anything; simply watch the videos, read the information and click on the tasks. You can record down any notes on some paper you have at home, if necessary). There are Maths and English sessions every day followed by some element of topic work.

<https://www.bbc.co.uk/bitesize/tags/zncsscw/year-6-and-p7-lessons/1>

If you are struggling to access electronic devices within your home, you can use 'The Red Button' Bitesize daily across the BBC - Primary or BBC iPlayer. If you switch your tv to BBC and click the red button on your remote control you will find a daily TV magazine programme, with teachers providing curriculum support for 5-11 year olds.

You can also log into the **Oak National Academy**, which also has further activities. Again there are Maths and English sessions every day, followed by some element of topic work.

The Lancashire Maths team who support Lancashire schools with Maths have provided further Maths activities.

Corbett Maths Primary is a great website full of super materials to support you with your understanding of different mathematical concepts.

<https://corbettmaths.com/5-a-day/primary/>

Part 2 of the **Explorers and Adventurers** topic awaits you this week. You will be finding out what it takes to survive in the jungle, reading a real-life jungle survival story and diving into Katherine Rundell's thrilling novel, *'The Explorer'*.

Your Purple Mash 2Do task this week is:

My Ambition: What is your ambition? What would you like to achieve? What job would you like to do when you are older? Why does this job appeal to you? Where would you work? Does this job involve any other people? What do you think you will need to achieve before you can do this job?

Set: Mon 6th July Completed by Mon 13th July

Please try to read as much as possible and keep on top of your Times Table Rock Stars. These resources can be easily accessed via the links on the school website.

Topic Activities

Y6 Leavers Kindness Project: Pebble Activity

The first rock that we would like you to decorate should have an inspirational message/quote (e.g. linked to kindness, friendship, gratitude, hope, well-being, etc.) so that we can create a **Pebble of Kindness Garden**.

On the second rock, we would like you to create an image of yourself. Please make sure that you write your full name on and include 'Class of 2019-2020'. Refer to the Topic Folder in the home Learning Pack for more information and inspiration. Please hand your completed pebbles in to us by Friday this week - 10th July.

Mental Health and Wellbeing Self Care

These activities have been scientifically proven to help your mental health and wellbeing. You can complete them in any order and then reflect after each one on how they made you feel.

Whole School Hope Project

Please join in with our whole school Hope Project; a project all our staff are working on to help with worries and emotions, and to promote moving forward happily and healthily into the future. There are some lovely stories and activities for you all to try here:

<https://www.helmshoreprimaryschool.co.uk/helmshore-hope-project/>

Keeping Active and Healthy

It is so important to keep yourselves fit and healthy and we hope you are managing to go outside for your daily exercise and to enjoy the lovely weather. Continue to have fun exploring the following links:

<https://www.nhs.uk/change4life>

<https://www.bbc.co.uk/teach/supermovers/ks2-collection/zr4ky9g>

<https://lancashireschoolgames.co.uk/>

So that you do not miss out on anything important, please remember to check out the school website as it is constantly being updated with new activities and ideas. Please check regularly for email and blog alerts on your Purple Mash account too as this is the main way that we will contact you with any Y6 updates or reminders.

Take care and stay safe.

Mrs N. Haworth and Mrs L. Kelly
