- Be Ambitious

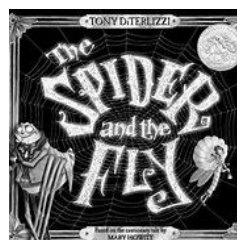

Summer Term 2nd Half - Theme - Our Wonderful World

Finally we enter the last half term of the year and the Great British summer is in full flow!

English

Classical Poetry

'The Spider and the Fly' by Mary Howitt.

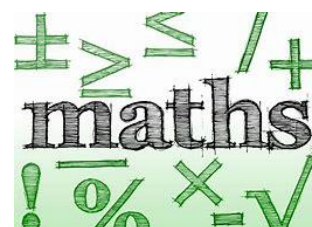

Multicultural Fiction

'The Proudest Blue' by Ibtihaj Muhammad

Maths

- Place Value (measures)
- Mental Calculations
- Fractions
- Measures
- Statistics

ONGOING - Recall multiplication and division facts for multiplication tables 2x, 5x, 10x, 3x, 4x and 8x.

Computing - I Stimulate

Exploring computer simulations, investigating options and testing predictions.

Science - Plants

The main focus of our learning is science based as we look at plant growth and the functions or parts of plants.

- Identifying and describing the functions of different parts of flowering plants: roots, stem/trunk, leaves and flowers.
- Exploring the requirements of plants for life and growth (air, light, water, nutrients from soil and room to grow) and how they vary from plant to plant.
- Investigating the way in which water is transported within plants.
- Exploring the part that flowers play in the life cycle of flowering plants, including pollination, seed formation and seed dispersal.

Art and Design - Pattern

- Textile sculpture
- Hundertwasser - Lollipop Art
- **Enrichment Activity** - Hall Display

PE / Games - Athletic Activities / Tag and Target Activities

- To develop control and accuracy of different types of throwing and catching.
- To practise different types of jumps.
- To improve performance running.
- To develop tactics when playing a game.
- To perform the fundamental skill of dodging in a tag game.
- To send an object in a target game with accuracy.

RE - Hindu Dharma

- Why is family an important part of Hindu life?
- The children will explore the concept of duty within the Hindu religion.
- They will consider the family members in the story of Rama and Sita and what this might teach Hindus about roles and duties within a family.

PSHE - Changing Me

- How my body changes
- Babies
- Families
- Looking ahead

Geography - Earthquakes

- Describing and understanding key aspects of physical geography, including climate zones, vegetation belts, mountains, volcanoes and earthquakes.
- Describing and understanding key aspects of human geography, including types of settlement and land use, economic activity including trade links and the distribution of natural resources including energy, food, minerals and water.
- To use maps, atlases, globes and computer mapping to locate countries and describe features studied.
